PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on September 19, 2003. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on September 25, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason code:
 - G-Included in the ASC Group Rate.
 - M-Reimbursement based on Medicare's current ASC Group Payment Rate and policies.
 - O-Previously recommended amount has not been changed.

2. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. Division rule at 28 TAC §133.307(e)(2)(A), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include "a copy of all medical bill(s) as originally submitted to the carrier for reconsideration..." Review of the documentation submitted by the requestor finds that the request does not include a copy of the original medical bill(s) as originally submitted to the carrier for consideration. The Division concludes that the requestor has failed to complete the required sections of the request in the form, format and manner prescribed under Division rule at 28 TAC §133.307(e)(1)(A).
5. Division rule at 28 TAC §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues." Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not provided documentation sufficient to meet the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iii).
6. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that the requestor has not provided documentation sufficient to meet the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
7. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's position statement states that "...such provider reimbursement rates are typically adjusted based on the usual and customary treatment charges for that specialty and the geographical region where treatment was provided."
 - The requestor did not submit documentation to support that provider reimbursement rates are typically adjusted based on the usual and customary treatment charges and geographical region.
 - The requestor has not articulated a methodology under which fair and reasonable reimbursement should be calculated.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
 - The requestor does not discuss or explain how payment of the requested amount would ensure the quality of medical care, achieve effective medical cost control, provide for payment that is not in excess of a fee charged for similar treatment of an injured individual of an equivalent standard of living, consider the increased security of payment, or otherwise satisfy the requirements of Texas Labor Code §413.011(d) or Division rule at 28 TAC §134.1.
 - The requestor does not explain how it determined that payment of the amount in dispute would result in a fair and reasonable reimbursement for the services in dispute.
 - The requestor did not submit convincing evidence to support the rationale for increased reimbursement.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

8. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas

Administrative Code sections §133.307(e)(2)(A), §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to meet its burden of proof to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
